

A Cadet Cadre member gives instructions to a New Cadet on R-Day and another New Cadet competes in the flexed-arm hang during Warrior competition.

West Point

Profile:

Class of 2007

Geographic Distribution

The Class of 2007, numbering 1,314 new cadets, includes 1,302 United States citizens and 12 international cadets. Cadets were appointed by Congress from every state in the United States, as well as others appointed from military service sources. The international cadets are from the countries of Benin, South Korea, Ecuador, Kazakhstan, Costa Rica, Egypt, Phillipines, Kuwait, Kyrgyzstan (2), Tunisia and Taiwan. These cadets will return to their country as officers in their armed forces.

Qualifications

To be considered for admission to

West Point, you must be a citizen of the United States, be at least 17, but not yet 23 years old on July 1st of the year you wish to enter, be unmarried, and have no legal obligation to support a child or children. You must also complete academic (SAT or ACT), physical aptitude and medical testing requirements.

Financial Aid

The United States government provides tuition, room and board, and medical and dental care. In addition, a cadet receives an annual salary from which is taken the cost of uniforms, books, a personal computer and living incidentals.

What do you want in a college education?

West Point's Offer – Leadership Development, Academic Excellence, Career Choice

The United States Military Academy is unique. Since 1802 it has enjoyed a reputation for academic excellence, physical challenge, and preparation for Army leadership.

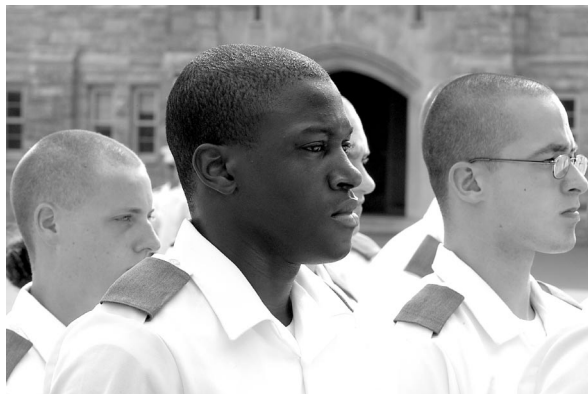

During four years of preparation for a career of service as an Army officer, you are challenged by an academic curriculum that offers a balanced education in the arts and sciences while also permitting you to pursue academic specialization.

The 24 optional majors and over 25 fields of study provide depth in the area of special interest you choose.

As a junior you may compete for a Truman Foundation scholarship; you may seek graduate study opportunities from Rhodes, National Science Foundation, Olmsted, Hertz, Marshall, East-West, and Daedalian scholarships as a senior.

Upon graduation, you will be awarded a Bachelor of Science degree and a commission as a second lieutenant in the U.S. Army. Most graduates who remain in the Army after the initial five-year obligation obtain advanced degrees at a civilian university.

Preparation for West Point requires a sound secondary school education. You should complete as a minimum: four years of mathematics (including trigonometry); four years of English;

New Cadets stand at attention before the Oath ceremony at Trophy Point during R-Day.

four years of science, including two years of laboratory science such as chemistry and physics; two years of a foreign language; and one year of history. You will also find it helpful to take a precalculus or calculus course and a basic computer course if offered at your school.

If you complete college level courses before entering West Point you may be able to validate your course work to obtain advanced placement, but you must complete four full years at West Point in order to graduate. Participating in school, church, scout and community activities will help you build a strong foundation in leadership. Active participation in sports is, by far, the best preparation for West Point's rigorous physical development program.
